HOME CARE

PAYING FOR YOUR CARE

Costs for home care can vary depending on your individual needs and circumstances.

You may be eligible for subsidised care. Carinity is endorsed by the Australian Government for both Commonwealth Home Support and Home Care Package programs.

An assessment will determine your eligibility for subsidised care, outlining your budget and any contribution you may need to make.

If you are experiencing financial hardship we are able to provide support to ensure you can still receive the care you need.

COMPETITIVE FEES & RATES

At Carinity Home Care, we are committed to making your budget go as far as possible – looking for low-cost and innovative options freeing up funds to spend on other services.

Our fees and service rates are competitive, and for goods and services provided by other organisations, we only charge you the price Carinity is invoiced.

If your present provider is not meeting your needs, then it's easy to switch to Carinity. While it may seem a little daunting at first, we can take care of everything to ensure your care is continued so you are not left without support.
